

PRICING & INFORMATION

Please read this before you place an advert

The Classifieds section of www.warksgolf.co.uk is provided for the use of golf clubs, golf professionals, club members and all other golfers in Warwickshire and the West Midlands.

It's a very simple process to upload an advert onto the site – something done in three stages

All adverts are posted via this web site and the forms to upload an advert as provided. Adverts cannot be accepted by any other means – ie by post.

An advertiser produces their advert which is then sent to Classifieds Management for approval. Adverts can be rejected (an e-mail will be sent to the advertiser immediately) and no reason will be given – please use this guide and the Conditions of Acceptance to see how this facility works and what adverts are considered for this facility.

Once an advert is approved, an advertiser will be notified of such by e-mail. The advertiser needs to then pay for the advert using PayPal before it will be displayed on the site, with a link for payment provided for each advert.

Adverts sent for approval are inspected regularly and approved adverts not paid for are noted with reminders sent as seen fit by Classifieds Management BUT no guarantee of any timescale from the time from upload of an advert to its appearing on the site can be given.

The following advert sections are available –

You can place TWO different types of advert

- 1) Text only
- 2) Text and a picture

You can place your advert for 30 days, for 60 days or for 120 days

You can type in your text into the form provided, or recommended is that you write your text using a word processing package (so that spelling and grammar can be checked) then cut and paste it into the form.

Pictures are limited in size to 80K – do check the size of your pictures before you upload the image (you can do this by finding your picture in the folder where you keep it, highlight it then right click and go to ‘Properties’ where the file size will be displayed)

You are responsible for all the text in an advert, the picture. The text and the picture, once approved, cannot be altered by anyone other than the Classifieds Management and a fee may be charged for this if you have made a mistake. You are completely responsible for the content of a site that is referred to in any advert. If you have any problems with such site content, inform Classifieds Management as soon as you can and links to a site will be removed
